3rd March 2024

Memorable Preschool Graduation and Prize Awarding Ceremony

Graduation in the early childhood setting is such a special time for the little ones, parents and teachers. These little people will make a big difference in our world one day and they all are the future of our country.

The time has come to move on and commemorate them as they need to go off to their next step. Their graduation ceremony was held 3rd March 2024.

There were 69 Graduates and they all dressed up in their graduation gowns. All the parents and teachers were excited to watch them growing step by step, from the first day to the last day of preschool.

Awarding complement certificates

They proudly held the certificates up to the camera and everyone cheered. Our preschool students not only grew in inches but also in confidence.

Awarding Perfect Attendance to preschool students

Kids should get into the habit of showing up every day. That's why the preschool teachers planned to award Perfect Attendance to the preschool students this year.
