VERA THOMSON ENGLISH SCHOOL

APRIL 2024

We're pleased to update you on all the exciting happenings in our vibrant school community. With a total enrollment of 1009 students in April, our school continues to thrive, offering a diverse range of classes to cater to the interests and needs of our students.

We have 6 pre-school classes, 6 computer classes, 3 music classes, and 30 English classes per day. The school is open from 7 a.m. until 7.30 p.m., but from 6 a.m., so many students arrive as they love to learn at our school.

In our pre-school programme, our youngest learners are introduced to the fundamentals of language through playful activities such as singing nursery rhymes and learning the alphabet.

The Andrew Clark Trust

These interactive sessions help students build a strong foundation in vocabulary and phonics, and they have been working on their hand-eye coordination through arts and crafts projects with the guidance of our dedicated teachers.

The Andrew Clark Trust

In our English classes, we take a fresh and innovative approach to teaching English that sets us apart. We offer a variety of classes tailored to different proficiency levels.

The Andrew Clark Trust

We engage students with interactive lessons, group activities, and real-world applications that make learning English enjoyable and relevant.

Our teachers adapt to each student's unique learning style, ensuring personalized support and progress. Whether a beginner or an advanced learner, students will experience hands-on practice in speaking, listening, reading, and writing.

The Andrew Clark Trust

Also, we offer a range of computer classes at different levels to suit every learner's needs. At all levels, our computer teacher is guiding students to become confident and capable in the world of technology.

All classes are designed to be engaging and hands – on, providing students with the practical knowledge to excel in today's digital world.

Additionally, we open the music classes five days a week at school, and some of our students come to join our music classes. As they learn new chords and melodies, they build confidence and experience the thrill of making music.
